## UNLOCK OPPORTUNITIES WITH TX-PACE FINANCING

### **Southeast Dallas County PACE Financing Workshop** *In the City of Lancaster*

Join the growing number of businesses and nonprofits that are using the Dallas Property Assessed Clean Energy (PACE) program to access affordable capital to develop property, repurpose buildings, help finance sustainable new construction, reduce operating costs, and create new jobs. This workshop is an opportunity to learn how to access long term, fixed rate capital that is less expensive than equity while investing in cash flow positive energy and water saving improvements. Case studies from across Texas will demonstrate how the TX-PACE program is revitalizing and repurposing properties to their highest and best use.

#### **Why Attend?**

- Discover how Dallas County TX-PACE lowers operating costs.
- Learn about access to affordable capital for energy efficiency, water conservation, and more.
- Explore successful case studies from across Texas.

#### **Who Should Attend?**

- Developers, Brokers, Owners, Lenders, Contractors, Architects, Engineers

#### **Don't Miss Out!**

- Gain insights from local experts.
- Explore alternative capital sources.
- Expand your business with PACE measures.
