

"KEEPING PACE IN THE VALLEY"

The Lower Rio Grande Valley Development Council
& Texas PACE Authority Are Proud to Sponsor the

PACE SERVICE PROVIDER TRAINING WORKSHOP
FEBRUARY 24, 2017, 10:00 A.M. – 3:00 P.M.

Ken Jones Executive Board Room – Building B
301 W. Railroad Street, Weslaco, Texas

What is PACE?

Property Assessed Clean Energy (PACE) enables commercial property owners to retrofit their facilities with more efficient technologies that will reduce water and/or energy usage, by using a long-term low-cost loan secured with an assessment on the property. This enables 100% financing for energy and water efficiency projects, with no money out of pocket.

What is a PACE Service Provider Training?

The PACE Service Provider Training workshop is a unique opportunity to learn about the PACE financing mechanism and how it can benefit your business or property. Hear an overview of PACE, learn how to market PACE financing, examine the technical requirements that go into a PACE project, and learn how the application process works. The workshop also has an informative PACE Capital Provider Perspectives panel, contains an update on the current 'PACE in a Box' market, and includes current case studies.

Who should come?

The workshop is targeted towards engineers and contractors in the energy/water efficiency and clean energy space. The training is open to anyone interested in learning more about the PACE program in Texas and how it can provide benefits to businesses and property owners. For additional information, please visit the website: www.TexasPACEAuthority.org

Topics Will Include: PACE Overview; Technical Requirements; The Application Process; and Capital Provider Perspectives

This training is a unique opportunity to learn about PACE and the registration fee is only \$50.00. It will begin at 10:00 a.m. and all attendees will receive lunch, and a binder with application and marketing materials. Register via Email thru the Economic Development Department: tsalinas@lrgvdc.org or call 956-682-3481.
