Contractors & Engineers Grow Your Business with TX-PACE

TX-PACE is an innovative program used to fund clean-energy upgrades on buildings. We invite you to take our Self-PACEd Training to learn how to design and implement successful PACE projects to better serve your customers – all at your own PACE.

-  New customers will find you in our online directory dedicated to PACE professionals.
-  Scholarships are available to women, veteran, and minority-owned businesses.

Learn About PACE

Take our online training to learn about TX-PACE and how it can benefit your business.

Join Our Network

Upon completion, your business is eligible for our [Service Provider Directory](#).

Grow Your Business

Get contacted by property owners to bid on PACE-funded projects across Texas.
